Documents required for registration of dietary supplements

Uzbekistan

1. **Power of attorney**

   1.1. From the manufacturer to the applicant in the Republic of Uzbekistan.
   1.2. From the applicant in the Republic of Uzbekistan to PHARMALEX.

2. **Dietary supplement safety certificate**

   Or a certificate of registration in the country of manufacture (state registration certificate / registration authorisation).

3. **Manufacturing process instructions**

   Instructions (flow chart) for manufacturing the dietary supplement.

4. **Finished product specification**

5. **Finished product Certificate of Analysis (CoA)**

   Including qualitative and quantitative determination of the active ingredients and excipients.

6. **Approved complete composition of the finished product**

   Active ingredients and excipients, with their quantities stated in mg.

7. **Packaging or packaging mock-ups**

   Dietary supplement packaging or packaging mock-ups for revision in accordance with the requirements of Cabinet of Ministers Resolution No. 86 (Annex 63).

8. **Composition and use information**

   Information on the dietary supplement composition, instructions for use and data confirming its suitability for use. If the composition includes botanical ingredients, their botanical names must be stated in Latin.
